Front-End-Developer

React js | Next js | Node js | Tailwind css | Typescripts

I am a passionate Front-End Developer with over **1.5 years** of hands-on experience in web development using modern technologies like React.js, Next.js, Node.js, and Tailwind CSS. I am currently working remotely with Precise Tech (Canada) as a Web Developer, contributing to large-scale web applications, including ERP systems and e-commerce platforms. Previously, I taught web development and computer fundamentals, equipping students with practical skills. My development journey includes real-world project experience, internships, and contributions to innovative platforms such as NaturalCalm.ca and Sowa Tooling.

WORK EXPERIENCE

Precise Tech -Canada

08/2024 - Present

Web Developer (Remote)

- Work remotely as a web developer, focusing on enterprise resource planning (**ERP**) solutions, utilizing technologies like **Jira**, **Typescript**, and **TFS** (Team Foundation Server).
- Contributed to the creation of specialized websites such as **Nature Clam** and **Sowa Tooling**, tailoring each site to the unique needs of the client.
- Collaborate with cross-functional teams to design and implement features, troubleshoot issues, and optimize web applications for scalability.
- Participate in code reviews and **agile** development processes, ensuring the delivery of high-quality solutions within project timelines.

Uzair Technology (Kohat)

06/2023 - 12/2023

Intern (React.js and Web Development)

- Completed a comprehensive internship focused on learning and applying React.js, JavaScript, **HTML**, **CSS**, and **Tailwind CSS**.
- Worked on building several web applications, including a **Weather App**, **Profile App**, To-Do List App, and the **FCP App**.
- Gained hands-on experience in creating responsive and interactive user interfaces using React and Tailwind CSS.

Web Development Instructor & Computer Education Teacher

- Instruct and mentor students in web development, covering topics such as **HTML**, **CSS**, **JavaScript**, and modern web frameworks.
- Teach courses on **office automation**, **networking**, and **basic computer skills**, helping students gain foundational knowledge and hands-on experience.
- Develop and update educational materials, including **course outlines**, textbooks, and assignments, to ensure a dynamic and effective learning experience.

EDUCATION

Kohat University of Science and Technology - kohat

BS Software Engineering, June 2023

PROFESSIONAL SKILLS

- **Languages:** C++, JavaScript (Node.js) , Typescripts
- **Frameworks:** React js(including Redux), NEXT.Js, and Express.js.
- **Developer Tools:** API Engineering, Deployment Management, Git, Firebase Jira .
- **Databases:** MongoDB
- **Libraries:** Material-UI, CSS, Tailwind CSS.

VOLUNTEER EXPERIENCE

Code for Good (CFG) - Peshawar, KPK

05/2022 – 07/2022

Non-Profit Organization

- Conducted workshops for 40 underprivileged students, fostering interest in web Development and improving their tech engagement by 50%.
- Supervised 3 teams of 5 people to ensure successful completion of projects

AWARDS AND HONORS

- KUST IT Department Award (2023)
- Awarded for introducing the FCP Plan (a new idea) during the Final Year Project (FYP), recognized for its innovative approach and contribution to the IT fields.

Project

TODO - List

Technologies: React Tailwind CSS Local Storage
